

How Holidays Affect CDS Loan Disbursements

2024 Holidays

Central Disbursement Service (CDS) provides a single, seamless point of access for disbursing funds to all your school partners. However, if ScholarNet and/or financial institutions are closed due to a holiday, it can delay the day your school partners receive disbursement funds. Use this document to see when upcoming holidays fall; see when ScholarNet and financial institutions are closed; and determine how the holidays may impact your CDS loan disbursements. You'll also see when you must send your disbursement rosters to CDS for your school partners to receive disbursements by specific dates.

Note: If your school's disbursement preferences are set up so that you receive disbursements only on a particular day of the week, you may experience a one-week delay in receiving your disbursements due to the holiday processing schedule. Because the New Year's holiday occurs the week following the Christmas holiday, your school may experience a three-week processing delay, depending on when the holidays fall. Contact the Care Team at (888) 686-6919 or CareTeam@myscholarnet.com if you have questions or want to change your disbursement schedule for the holidays.

Example: Your school's disbursement preferences are set up so that you receive disbursements only on Wednesdays, and Christmas Day and New Year's Day both occur on a Wednesday. As a result, you experience a three-week processing delay because the holidays fall on subsequent Wednesdays.

Description	For Schools to Receive Disbursement by This Date	You Must Send Their Disbursement Roster to CDS by This Date
